Got it. I know remember that the entire set of comments was huge. Thanks for dividing it into a smaller document for me. Also good for me to have the whole thing. Thanks Valois!

Hi Paul,

I extracted the Treaty Rights section from the larger group of comments the OST uploaded to the docket. The attached pdf contains all of the OST comments submitted, including the cover letter from President Bear Runner, so you can see the context of the Treaty Rights comments. If you open the comments pane in the pdf, you will see I tagged each of the sections with comments for easier navigation through the document.

Thanks Valois. This is very helpful.

Just to confirm – the pdf attachment to your email immediately below was the original attachment sent by the OST, correct? That is, you didn't combine several individual pdfs sent by the OST into one? Just want to make sure I'm seeing exactly what OST sent, given the significance of their comments.

Also, was there a cover email? It's kind of odd that the comments aren't on letterhead or any more official looking format. Not that it needs to be, of course.
